AMARO APERITIVO VERMOUTH LIMONCELLO

FRATELLI BRANCA

FERNET-BRANCA – THE GLOBAL ICON SINCE 1845

Created in Milan by Bernardino Branca and passed down through five generations, Fernet-Branca ensures unmatched quality and consistency.

Blended from aromatic herbs sourced worldwide and aged in oak casks, it delivers a bold herbal-bitter identity, exceptional complexity, and long-lasting intensity.

It is the benchmark of the Fernet category, a global top performer, and versatile across consumption moments — as a digestif, aperitivo, or premium cocktail ingredient.

More than a spirit, Fernet-Branca is a ritual: the iconic bottle on the counter, the shared shot at the end of service, and the three-sip journey of bold herbs, harmonious spices, and warm aromatics.

BRANCAMENTA – PREMIUM FROZEN SHOT RITUAL

Launched in the 1960s, Brancamenta combines Branca's herbal bitterness with icy Piedmont peppermint for an intense, refreshing experience.

It is the iconic frozen shot, with strong brand awareness, high repeat potential, and a perfect fit for nightlife and high-energy moments.

The ritual is simple: keep one bottle in the freezer, another on the back bar, and serve strictly ice-cold. Each sip delivers instant impact, refreshment, and memorability.

Brancamenta defines its category, creating social, shareable moments and leaving a lasting impression with every ice-cold shot.

CAFFÈ BORGHETTI

ITALIAN CAFFE ESPRESSO LIQUEUR

The original Italian espresso liqueur since 1860. Founded by Ugo Borghetti to celebrate the Pescara–Ancona railway, it quickly became a local icon and now delights palates worldwide.

Borghetti follows the true espresso tradition: authentic espresso brewed from a blend of Arabica and Robusta beans is prepared first, then blended with alcohol. This method preserves the espresso's genuine depth, superior aromatic richness, balanced sweetness, and natural intensity. It is not coffee-flavored — it is espresso-based.

AN ICON OF ITALIAN IDENTITY

Choosing Borghetti means embracing Italian tradition, espresso culture, and authentic heritage. It is more than a coffee liqueur — it is a symbol of Italian lifestyle.

THE ULTIMATE ESPRESSO MARTINI ENGINE

Borghetti performs perfectly neat, on the rocks, or in cocktails. It allows bartenders to craft Espresso Martinis in seconds with consistent, authentic coffee flavor — high rotation, high profitability, low complexity.

PALLINI LIMONCELLO

LIQUEUR

Pallini's remarkable story begins in 1875 in Antrodoco, a small village in the centre of Italy. Over the years Pallini continued to grow and prosper, as the brand became a symbol of high quality and excellence in the production of anise based liqueurs.

Pallini Limoncello is made using non-pesticide Sfusato Amalfi lemons, with a unique spindled shape. These large and heavy lemons are hand-harvested, then walked through steep hills for immediate transport to the distillery. The lemons are immediately peeled, paying special attention to peeling the zest from the lemons without the white bitter pith. The peels are vacuum sealed and used within 24 hours after they have been harvested. Our process ensures that only the yellow lemony part of the lemon is used for our limoncello.

The peels are then soaked in pure alcohol made only from natural molasses sugarbeets. The liquid is then sweetened with Italian sugar-beet sugar, and combined with additional lemon oils, a flavourful extra step unique to Pallini.

The final liqueur is colour stabilized for consistency before bottling. Our limoncello is naturally gluten-free and has a Kosher certificate.

The final result is a spicy, tangy, fresh and crunchy liqueur. The purest essence of Italy in a bottle. Pallini Limoncello is extremely versatile and the perfect digestif: you can enjoy it at the end of a meal straight from the freezer like it is traditionally done in Italy, or mixed into countless cocktails.

ETICHETTA NERA

The undisputed icon of the Vecchia Romagna range, the result of a double distillation and a double aging, with an elegant and decisive taste. Black Label comes from the skilful combination of continuous and discontinuous distillates and from a double aging, first in barriques and then in oak barrels.

Its color is bright antique gold-coppery. The nose offers hints of tropical fruit mixed with vanilla, cinnamon and cloves, in a mix of elegant aromas. On the palate it is round, complex and enveloping with hints of sweet spices, such as vanilla and cinnamon. Persistent finish.

Serve smooth or with ice.

RISERVA 18

An extraordinarily sophisticated sipping wine distillate, , an expert blend of spirits aged for a minimum of 18 years. It represents the essential synthesis of the unique Vecchia Romagna method. DINGLE

POT STILL GIN

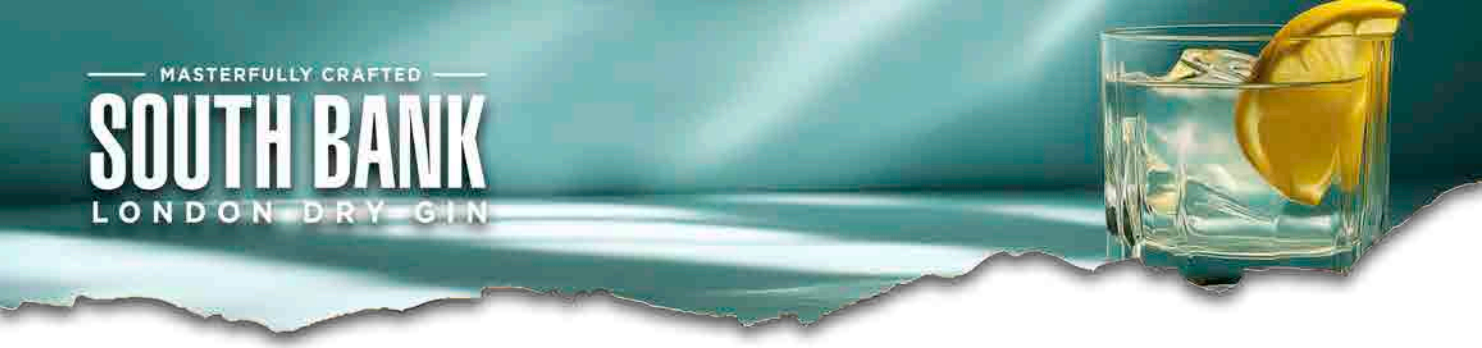

We use, amongst other botanicals, rowan berry from the mountain ash trees, fuchsia, bog myrtle, hawthorn, and heather for a taste of the Kerry landscape.

This combination of flavour elements is macerated in spirit for 24 hours. Then, as the spirit is distilling, it passes through a flavour basket in the neck of the still. This process underlines the attention to detail that is an essential part of our whole approach to the art of distillation.

Dingle Gin attended the World Gin Awards 2019, where industry experts shortlisted the best gins, from a blind tasting of 400 entrants from 20 countries. Dingle Gin received the award for World's Best London Dry Gin and the overall award for World's Best Gin 2019.

DINGLE
VODKA

Dingle Vodka was the distillery's first product. Before the whiskey and before the gin there was Dingle Vodka. As with all our products, we use water from our well to create our masterpieces, all of course in small batches. Our still is charged with 500 litres of the finest, purest, grain alcohol and is then distilled for a fifth and final time.

What makes Dingle Vodka so unique and unusual is the fact that it is quintuple distilled. That fifth distillation makes a huge difference. You can taste it in the incredible purity that is as pure as the environment where we make it.

THE LEGENDARY SILKIE

A marvellous Irish blend made with a combination of double distilled, triple distilled, peated malt, and grain whiskey.

THE LEGENDARY DARK SILKIE

Takes inspiration from 19th century Donegal whiskey, a triple distilled peated single malt is at the core of this expression, peated to about 22ppm and matured in sherry casks. It is then blended with a bourbon-matured single malt as well as a grain whiskey having been rested in virgin oak.

MIDNIGHT SILKIE

The Midnight Silkie completes the core Silkie collection and is our smokiest blend yet, with four triple distilled single malts and a triple distilled peated single malt at its heart. Created to be savoured over the midnight watch.

ARDARA SINGLE MALT

Ardara Single Malt is produced at The Ardara Distillery, sitting proudly on the town's Owentocker River as it flows into Loughros Mor Bay. Built in 2021 this is the inaugural release. The distillery's beating hearts are the three beautiful copper stills from Forsyth's of Scotland that stand three storeys high behind the glass curtain wall.

The distillery is founded on capturing maximum character from highly peated grain and has an "all-grains in" approach almost unique in Ireland and meaning that the grain stays in the process all the way to the wash still. This makes for distinctive spirits that are soft and smooth, with a fruity, nutty character overlaid with a sweet peat and pipe smoke blanket.

TASTING NOTES:
Traditional mash bill with high phenol content malted barley.

Nose:
Cereal sweet, biscuity, fresh fruit, raisins, figs, coconut and spice, sweet pipe tobacco, ashy.

Taste:
Hot beignets, intensely sweet, poached pears, roasted coconut, almond, leather, rolled tobacco, sweet smoke, campfire, a morning after ashiness and a sweet baked apple finish.

KILLOWEN DISTILLERY

– NORTHERN IRELAND

From our ancient mourne mountain home, Killowen is part of a new batch of distillers helping Ireland take its rightful place among the most awarded spirits in contemporary distilling.

Using time-honoured, historical – albeit time-consuming processes – allows Killowen's unique flavour profile to echo the historical international whiskeys of choice; ones that were distinctively 'Irish'. Meaning our highly sought-after Irish product can rightfully be held in high esteem once again.

Our two handmade artisan pot stills, named Christoir (1000 litre) and Broc (800 litre), are flame fed and our condensers are worm tub. We believe the ancient still shape, size, flame heat and worm tub condensation help create a traditional spirit with a contemporary twist.

FEE BROTHERS

Why in the world would anyone want to put something called "Bitters" into a drink? In fact, Bitters are critical in the best drinks. The first publication of a bartenders' guide which included cocktail recipes was in 1862 - How to Mix Drinks; or, The Bon Vivant's Companion, by "Professor" Jerry Thomas. In addition to recipes for Punches, Sours, Slings and the like, were 10 recipes for drinks called "Cocktails". A key ingredient which differentiated cocktails from other drinks was the use of Bitters.

It is those farmers who love and nurture their fruit, that we pay homage to. Each farmer responsible for the grapes gone into making A Growers Touch, feature both on the front & back of the appropriate wine bottle, in order to share with you the faces and hands gone into making these stunning wines.
